**QUESTION 1**

Which three statements are true about classification attributes? (Choose three).

- A. Attributes can be ordered and grouped.
- B. Attributes cannot have default values.
- C. Attribute data cannot be validated by using domains.
- D. Attributes can be made mandatory in the classification.
- E. Attribute data can be used to build the Use With object's short description.
- F. Attributes can only be defined on the lowest level of a classification hierarchy.

Correct Answer: ADE

---

**QUESTION 2**

As part of the solution, multiple organizations and sites have to be created and rotating assets will be moved between sites that belong to different organizations. What must be done to meet this requirement?

- A. Create a common location.
- B. Create a global rotating suspense account.
- C. Create an item set and assign it to all organizations.
- D. Create a company set and assign it to all organizations.

Correct Answer: C

---

**QUESTION 3**

The client wants all staff to have the Key Performance Indicator (KPI) Graph and Quick Insert Portlets to the left and side of the screen, and the Favorites and Result Set Portlets to the right of the screen on the Start Center. Which statement describes how this can be done?

- A. Open the Security Group application and select each Security Group to enable the Portlets assigning to the left or right hand side of the screen.
- B. Open the Application Designer, and then select the Start Center application. From the Control Palette, select the Portlets as needed, placing them to the left or right hand side of the application. Save.
- C. Create or edit the start center template, drag, and drop from the list of Portlets to the left and right column table windows to match the client's requirement. Save. Return to the Start Center and configure each Portlet. Save the template. Apply the template to the appropriate security Groups.
- D. Create or edit the start center template and in the left column table window, add the KPI Graph and Quick Insert Portlets, repeat for the right column table window, selecting the Favorites and Result Set Portlet. Save. Return to the

Start Center and configure each Portlet. Save the template. Apply the template to the appropriate Security Groups.

Correct Answer: D

---

#### QUESTION 4
