QUESTION 1

For what reasons would you increase the default Ethernet frame MTU on an Isilon cluster? (Choose 3.)

- A. To match the frame size of the client system.
- B. To improve overall performance.
- C. To increase the LUN I/O performance.
- D. There is no good reason to change the default Ethernet frame size. It is automatically optimized for performance.
- E. To provide easier trace captures.

Correct Answer: ABC

QUESTION 2

When configuring the Default File Pool Policy settings, selecting Any pool when specifying the data pool results in what action: (Choose 1)

- A. Define default file pool policies for the default file pool.
- B. Use the isi file pools commands.
- C. Assign storage pools for file pool use.
- D. Store a filtered set of files on all disk pools.

Correct Answer: D

QUESTION 3

You have a three node cluster with node three showing a state of DOWN in the isi status command output. Which of the following are possible causes for this state? (Choose 2)

- A. Node three has lost power.
- B. Node three has lost a disk drive.
- C. Node three has lost two or more disk drives.
- D. Node three has an unplugged InfiniBand cable.
- E. Node three has too many clients connected at the same time.

Correct Answer: AD

QUESTION 4

Your cluster contains two disk pools. Both disk pools have the same node capacity, file sizes and number of files. One disk pool has more space left than the other disk pool. Why? (Choose 1)

- A. OneFS calculates each disk pool space differently.
- B. The default disk pool protection level overrides all other pools.
- C. Disk pools by rule must have different protection levels.
- D. Each disk pool has a different protection level.

Correct Answer: D

QUESTION 5

What are the minimum requirements in order to run Global Name Space Acceleration with SSDs? (Choose 2)

- A. 5% of total cluster capacity needs to be SSDs.
- B. 2% of total cluster capacity needs to be SSDs.
- C. 20% of the number of nodes need to have one or more SSDs drives in them.
- D. All nodes need to have one or more SSD drives in them.

Correct Answer: BC
