QUESTION 1

Mark needs to upgrade an IBM Domino server to the latest version. What are the two suggested database maintenance tasks he needs to perform on the server before starting the upgrade? (Choose two.)

A. ndesign

B. updall -f names.nsf

C. ncompact names.nsf -R

D. ncompact names.nsf -c

E. fixup names.nsf -f -j -v

Correct Answer: DE

QUESTION 2

What is a difference between the Replace Design and Refresh Design features in IBM Notes and IBM Domino?

A. Refresh Design will not give an option to select a new template.

B. Replace Design will not give an option to select a new template.

C. Replace Design can be performed only with Manager access to a database while Refresh Design can be performed with Editor access.

D. Refresh Design of a database will remove all Design elements in a database and replace them with those from a new template. This process also resets the database properties. Replace Design will do the same thing, but the Design properties of the database will not change.

Correct Answer: A

QUESTION 3

What is an event generator?

A. Event generators define the action to take when an event occurs.

B. Event generators collect and report information from the server into the log.

C. Event generators are used to filter events that occur on an IBM Domino server.

D. Event generators gather information by monitoring a task or a statistic or by probing a server for access or connectivity.

Correct Answer: D

QUESTION 4

Antonio wants to configure SSO between the IBM Domino server and IBM WebSphere Application Server. What would he select to initialize the Web SSO Configuration with the shared secret key in the Web SSO Configuration document?

A. "Domino only"

B. "Import WebSphere LTPA keys"

C. "Import WebSphere LTPA and Domino keys"

D. Initialization of the Web SSO Configuration with a shared secret key is optional

Correct Answer: B

QUESTION 5

CeCe, the IBM Domino administrator, is looking for a Domino server task that will handle many routine tasks for her, such as: names changes, out of office agents, mail and calendar delegation, and roaming users. Which server task does these things?

A. Agent Manager

B. Global Services

C. Certificate Authority

D. Administration Process

Correct Answer: D
