QUESTION 1

In an Isilon environment, which event will avoid Dynamic IP Address reallocation?

A. Client is added to the cluster

B. Failure of the back-end network

C. Node reboot

D. Cluster split

Correct Answer: D

QUESTION 2

You meet a customer for the first time. They explain that their current environment for NAS does not meet their needs. You want to make sure that Isilon is a good fit for their needs. What would be a good prequalifying question to ask?

A. Where will the data center be installed?

B. How many concurrent clients are accessing your NAS?

C. How many users are in your Directory Services?

D. Are you currently using a UPS for your main power source?

Correct Answer: B

QUESTION 3

What is the recommended namespace path for the access zone on a new Isilon cluster with SyncIQ license?

A. /ifs//data

B. /ifs///data

C. /ifs//data

D. /ifs///data

Correct Answer: A

QUESTION 4

You are sizing an Isilon Cluster for a new customer. Analyzing their workflow, you determine that they have a small

block random read workload.

What is the most important factor to consider when sizing this solution?

A. Headroom

B. IOPS

C. Latency

D. Bandwidth

Correct Answer: B

QUESTION 5

A customer is looking for a new storage solution to handle their growing storage requirements. The system should be able to cover storage needs for the next three years. The environment consists of 100 TBs of file system data spread across five file systems. On average, the file systems grow 1 TB a month. In addition, they have a large VMware cluster supporting 200 VMs and a highly transactional database.

The customer is looking for a solution that would provide good performance, scalability, manageability, and be cost-effective. The sales team is looking to you to recommend a solution. Which recommendation will meet the customer\\'s requirements?

A. Isilon for file system data, and a VNX for DB and VMware workloads

B. Isilon cluster and scale-out as required

C. VNX Unified platform with FAST Cache

D. VMAX with FAST VP and a NAS Gateway

Correct Answer: A
