Referring to the exhibit, you have expanded the disk storage size in ESXi for your log collector from 500 GB to 600 GB. However, your log collector\\'s disk size has not changed.

Given the scenario, which two statements are true? (Choose two.)

- A. You must run a script from the console to expand the disk size.
- B. The ESXi storage parameter is not associated with the Elasticsearch disk size parameter.
- C. You must reboot the log collector for storage settings to be updated
- D. You must re-run the log collector setup script to update the storage settings.

Correct Answer: AC
